

SKY HOME

Let the sunshine in

- Perfect insulation and waterproofing
- Finish for every eave
- Unlimited aesthetic possibilities

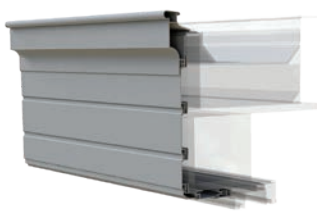

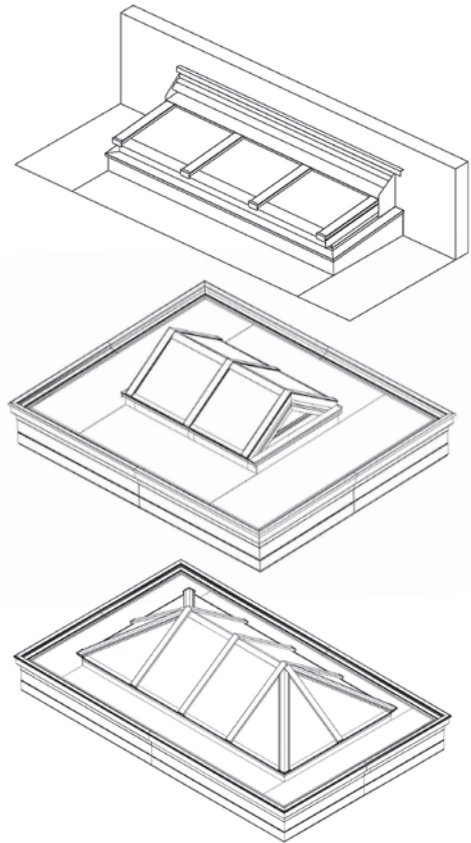

SKY HOME

The luxurious expansion of your living environment

The Sky Home system offers you the opportunity to enjoy a brightly lit living space. You can let the heavens in with minimal impact on thermal comfort.

The Sky Home system has unlimited possibilities and adapts perfectly to the style of your home. Sky Home also offers an aesthetic and professional eave solution in two variants adjustable to any height within range.

CHARACTERFUL

TIMELESS

Discrete spotlights that provide a cosy atmosphere after dark can be built into the profiles. The girder profiles are adapted for the installation of single or double glazing or for roof panels available in various thicknesses. A latch with a concealed fixing is placed in variants that require it.
